Jun 2021 - Jun 2021

Board: GGSIPU

Marks: 81

✧ Software Development

Certification

JAVA

May 2021 - May 2021

Expiry Date 2021-05-16

Core Java

Javascript

May 2021 - May 2021

Expiry Date

Basic Javascript

Projects

Face Recognition Bas

May 2021 - May 2021

Technology used: Django, MySQL, Pre-trained Deep Learning Model, Face recognition Library, OpenCV.

Total member: 1

Your role: developer

Students and Teachers will have a dashboard to do operations.

Students have to capture 4 to 5 photo and submit it for the face training pre-process.

The teacher will create class time so that students can mark attendance before the specific time.

Students can mark attendance, check attendance, and check their profiles.

The teacher can mark students' attendance, check attendance, check their profile, create a class time, and adding new students.

Admin can add/update students, courses, subjects, teachers, and attendance

Interest

Watching Movie, Cricket

Language

English, Hindi
